STATS ENDPOINTS

BTTS Stats

Over 2.5 Stats

Team - Last 5 / 6 / 10 Stats

Last 5 matches, last 6 matches, or last 10 match stats for an individual team.

Get Last X stats for a team

GET https://api.football-data-api.com/lastx?key=YOURKEY&team_id=*

Sample Response (Access the URL below)
https://api.football-data-api.com/lastx?key=example&team_id=59

1 query allows you to get all 3 types of stats (last 5 / 6 /10). We are adding last 15 and last 20 stats down the road.
Stats(attributes and properties) are identical to the stats from team endpoint.

Query Parameters

Name	Type	Description
key*	string	Your API Key
team_id*	integer	ID of the team that you would like to retrieve.

200 Successfully retrieved all leagues.

Queries and Parameters

This table only contains attibutes that are **Unique to this endpoint**.

Variable Name	Description
id	ID of the Team.

name / full_name / english_name	Name of the Team.
country	Country of the Team.
stats	Contains an array of Stats for the corresponding team.
competition_id	ID of the Competition in which the team is playing.
url	Corresponding FootyStats url.
founded	Foundation year of the team.
season	Latest season participating in.
table_position	Position in the league.
performance_rank	PPG rating within the league.
season_format	Format of the season.
official_sites	Official website url of the team.
risk	Prediction risk, it represents how often a team scores or concedes goals within close proximity of each other.
suspended_matches	Number of matches suspended.
homeOverallAdvantage / homeDefenceAdvantage / homeAttackAdvantage	Advantage this team has in attack. Overall = all games, home = home games only, away = away games only.
seasonGoals_overall	Number of goals scored this season.
seasonConceded_overall	Number of goals conceded this season.
seasonGoalsTotal_overall / home / away	Number of goal event recorded when playing Home or Away. Overall = all games, home = home games only, away = away games only.
seasonConcededNum_home / seasonConcededNum_away	Number of goals conceded this season. Home = home games only, away = away games only.
seasonGoalsMin_overall / home / away	Average goals per minutes. Overall = all games, home = home games only, away = away games only.
seasonConcededMin_overall / home / away	Average goals conceded per minutes. Overall = all games, home = home games only, away = away games only.
seasonGoalDifference_overall / home / away	Goal difference. Overall = all games, home = home games only, away = away games only.
seasonWinsNum_overall / home / away	Number of wins in the season. Overall = all games, home = home games only, away = away games only.

seasonDrawsNum_overall / home / away	Number of draws in the season. Overall = all games, home = home games only, away = away games only.
seasonLossesNum_overall / home / away	Number of losses in the season. Overall = all games, home = home games only, away = away games only.
seasonMatchesPlayed_overall / home / away	Number of match played in the season. Overall = all games, home = home games only, away = away games only.
seasonHighestScored_home / seasonHighestScored_away	Highest number of goals scored. Home = home games only, away = away games only.
seasonHighestConceded_home / seasonHighestConceded_away	Highest number of goals conceded. Home = home games only, away = away games only.
seasonCS_overall / home / away	Season's clean sheets. Overall = all games, home = home games only, away = away games only.
seasonCSPercentage_overall / home / away	Season's clean sheets percentage. Overall = all games, home = home games only, away = away games only.
seasonCSHT_overall / home / away	Season's clean sheets at half-time. Overall = all games, home = home games only, away = away games only.
seasonCSPercentageHT_overall / home / away	Season's clean sheets percentage at half-time. Overall = all games, home = home games only, away = away games only.
seasonFTS_overall / home / away	Season's Failed To Score. Overall = all games, home = home games only, away = away games only.
seasonFTSPercentage_overall / home / away	Season's Failed To Score percentage. Overall = all games, home = home games only, away = away games only.
seasonFTS_home / seasonFTS_away	Season's Failed to score. Home = home games only, away = away games only.
seasonFTSHT_overall / home / away	Season's Failed to score at half-time. Overall = all games, home = home games only, away = away games only.
seasonFTSPercentageHT_overall / home / away	Season's Failed to score at half-time percentage. Overall = all games, home = home games only, away = away games only.
seasonBTTS_overall / home / away	Season's both teams to score. Overall = all games, home = home games only, away = away games only.

seasonBTTSPercentage_overall / home / away	Season's both teams to score percentage. Overall = all games, home = home games only, away = away games only.
seasonBTTSHT_overall / home / away	Season's both teams to score at half-time. Overall = all games, home = home games only, away = away games only.
seasonBTTSPercentageHT_overall / home / away	Season's both teams to score at half-time percentage. Overall = all games, home = home games only, away = away games only.
seasonPPG_overall / home / away	Season's points per game, Win = 3 points, Draw = 1 point. Overall = all games, home = home games only, away = away games only.
seasonAVG_overall / home / away	Season's average goals scored + conceded per game. Overall = all games, home = home games only, away = away games only.
seasonAVG_overall / home / away	Season's average goals scored per game. Overall = all games, home = home games only, away = away games only.
seasonConcededAVG_overall / home / away	Season's average goals conceded per game. Overall = all games, home = home games only, away = away games only.
winPercentage_overall / home / away	Season's average win percentage. Overall = all games, home = home games only, away = away games only.
drawPercentage_overall / home / away	Season's average draw percentage. Overall = all games, home = home games only, away = away games only.
losePercentage_overall / home / away	Season's average loss percentage. Overall = all games, home = home games only, away = away games only.
leadingAtHT_overall / home / away	Season's leading at half-time count. Overall = all games, home = home games only, away = away games only.
leadingAtHTPercentage_overall / home / away	Season's leading at half-time percentage. Overall = all games, home = home games only, away = away games only.
drawingAtHT_overall / home / away	Season's drawing at half-time. Overall = all games, home = home games only, away = away games only.
drawingAtHTPercentage_overall / home / away	Season's drawing at half-time percentage. Overall = all games, home = home games only, away = away games only.

trailingAtHT_overall / home / away	Season's losing at half-time. Overall = all games, home = home games only, away = away games only.
trailingAtHTPercentage_overall / home / away	Season's losing at half-time percentage. Overall = all games, home = home games only, away = away games only.
HTPoints_overall / home / away	Season's half-time points. Overall = all games, home = home games only, away = away games only.
HTPPG_overall / home / away	Season's half-time points per game. Overall = all games, home = home games only, away = away games only.
scoredAVGHT_overall / home / away	Season's average scored at half-time. Overall = all games, home = home games only, away = away games only.
concededAVGHT_overall / home / away	Season's average conceded at half-time. Overall = all games, home = home games only, away = away games only.
AVGHT_overall / home / away	Season's average scored + conceded at half-time. Overall = all games, home = home games only, away = away games only.
GoalsHT_overall / home / away	Season's average goals at half-time. Overall = all games, home = home games only, away = away games only.
GoalDifferenceHT_overall / home / away	Season's average goal difference at half-time. Overall = all games, home = home games only, away = away games only.
seasonOver05Num_overall - seasonOver55Num_overall / home / away	Season's count of **Over (0.5 - 5.5) goals**. Overall = all games, home = home games only, away = away games only.
seasonOver05Percentage_overall - seasonOver55Percentage_overall / home / away	Season's percentage of **Over (0.5 - 5.5) goals**. Overall = all games, home = home games only, away = away games only.
seasonUnder05Num_overall - seasonUnder55Num_overall / home / away	Season's count of **Under (0.5 - 5.5) goals**. Overall = all games, home = home games only, away = away games only.
seasonUnder05Percentage_overall - seasonUnder55Percentage_overall / home / away	Season's percentage of **Under (0.5 - 5.5) goals**. Overall = all games, home = home games only, away = away games only.
seasonOver05NumHT_overall - seasonOver25NumHT_overall / home / away	Season's count of **Over (0.5 - 5.5) goals at half time**. Overall = all games, home = home games only, away = away games only.

seasonOver05PercentageHT_overall - seasonOver25PercentageHT_overall / home / away	Season's percentage of **Over (0.5 - 5.5) goals at half time**. Overall = all games, home = home games only, away = away games only.
cornersRecorded_matches_overall / home / away	Season's corners recorded per matches. Overall = all games, home = home games only, away = away games only.
over65Corners_overall - over135Corners_overall / home / away	Season's count of **Over (6.5 - 13.5) corners**. Overall = all games, home = home games only, away = away games only.
over65CornersPercentage_overall - over135CornersPercentage_overall / home / away	Season's percentage of **Over (6.5 - 13.5) corners**. Overall = all games, home = home games only, away = away games only.
over25CornersFor_overall - over85CornersFor_overall / home / away	Season's count of **Over (2.5 - 8.5) corners for**. Overall = all games, home = home games only, away = away games only.
over25CornersForPercentage_overall - over65CornersForPercentage_overall / home / away	Season's percentage of **Over (2.5 - 8.5) corners for**. Overall = all games, home = home games only, away = away games only.
over25CornersAgainst_overall - over85CornersAgainst_overall / home / away	Season's count of **Over (2.5 - 8.5) corners against**. Overall = all games, home = home games only, away = away games only.
over25CornersAgainstPercentage_overall - over65CornersAgainstPercentage_overall / home / away	Season's percentage of **Over (2.5 - 8.5) corners against**. Overall = all games, home = home games only, away = away games only.
over05Cards_overall - over85Cards_overall / ohome / away	Season's count of **Over (0,5 - 8.5) cards**. Overall = all games, home = home games only, away = away games only.
over05CardsPercentage_overall - over85CardsPercentage_overall / home / away	Season's percentage of **Over (0,5 - 8.5) cards**. Overall = all games, home = home games only, away = away games only.
over05CardsFor_overall - over85CardsFor_overall / home / away	Season's count of **Over (0,5 - 8.5) cards for**. Overall = all games, home = home games only, away = away games only.
over05CardsForPercentage_overall - over85CardsForPercentage_overall / home / away	Season's percentage of **Over (0,5 - 8.5) cards for**. Overall = all games, home = home games only, away = away games only.
over05CardsAgainst_overall - over85CardsAgainst_overall / home / away	Season's count of **Over (0,5 - 8.5) cards for**. Overall = all games, home = home games only, away = away games only.

over05CardsAgainstPercentage_overall - over85CardsAgainstPercentage_overall / home / away	Season's percentage of **Over (0,5 - 8.5) cards for**. Overall = all games, home = home games only, away = away games only.
leaguePosition_overall / home / away	Season's league position. Overall = normal league table, home = home table only, away = away table only.
firstGoalScored_overall / home / away	Season's count of first goals scored. Overall = all games, home = home games only, away = away games only.
firstGoalScoredPercentage_overall / home / away	Season's percentage of first goals scored. Overall = all games, home = home games only, away = away games only.
cornersTotal_overall / home / away	Season's count of corners. Overall = all games, home = home games only, away = away games only.
cornersTotalAVG_overall / home / away	Season's average count of corners per match. Overall = all games, home = home games only, away = away games only.
cornersAVG_overall / home / away	Season's average count of corners. Overall = all games, home = home games only, away = away games only.
cardsTotal_overall / home / away	Season's count of cards. Overall = all games, home = home games only, away = away games only.
cardsAVG_overall / home / away	Season's count of cards. Overall = all games, home = home games only, away = away games only.
cornersHighest_overall / cornersLowest_overall	Season's Highest / Lowest corner counts.
cornersAgainst_overall / home / away	Season's corners against. Overall = all games, home = home games only, away = away games only.
cornersAgainstAVG_overall / home / away	Season's average corners against. Overall = all games, home = home games only, away = away games only.
shotsTotal_overall / home / away	Season's shots. Overall = all games, home = home games only, away = away games only.
shotsAVG_overall / home / away	Season's shots. Overall = all games, home = home games only, away = away games only.

shotsOnTargetTotal_overall / home / away	Season's shots on target. Overall = all games, home = home games only, away = away games only.
shotsOffTargetTotal_overall / home / away	Season's shots off target. Overall = all games, home = home games only, away = away games only.
shotsOnTargetAVG_overall / home / away	Season's shots on target average. Overall = all games, home = home games only, away = away games only.
shotsOffTargetAVG_overall / home / away	Season's shots off target average. Overall = all games, home = home games only, away = away games only.
possessionAVG_overall / home / away	Season's possession average. Overall = all games, home = home games only, away = away games only.
foulsAVG_overall / home / away	Season's fouls average. Overall = all games, home = home games only, away = away games only.
foulsTotal_overall / fhome / away	Season's total fouls. Overall = all games, home = home games only, away = away games only.
offsidesTotal_overall / home / away	Season's total offsides. Overall = all games, home = home games only, away = away games only.
offsidesTeamTotal_overall / home / away	Season's total team offsides. Overall = all games, home = home games only, away = away games only.
offsidesRecorded_matches_overall / home / away	Season's offsides recorded per match. Overall = all games, home = home games only, away = away games only.
offsidesAVG_overall / home / away	Season's average offsides. Overall = all games, home = home games only, away = away games only.
offsidesTeamAVG_overall / home / away	Season's team average offsides. Overall = all games, home = home games only, away = away games only.
offsidesOver05_overall - offsidesOver65_overall / home / away	Season's count of **Over (0,5 - 6.5) offsides**. Overall = all games, home = home games only, away = away games only.
over05OffsidesPercentage_overall - over65OffsidesPercentage_overall / home / away	Season's percentage of **Over (0,5 - 6.5) offsides**. Overall = all games, home = home games only, away = away games only.

offsidesTeamOver05_overall - offsidesTeamOver65_overall / home / away	Season's count of **Over (0,5 - 6.5) Team offsides**. Overall = all games, home = home games only, away = away games only.
over05OffsidesTeamPercentage_overall - over65OffsidesTeamPercentage_overall / home / away	Season's percentage of **Over (0,5 - 6.5) Team offsides**. Overall = all games, home = home games only, away = away games only.
scoredBothHalves_overall / home / away	Season's scored in both halves. Overall = all games, home = home games only, away = away games only.
scoredBothHalvesPercentage_overall / home / away	Season's scored in both halves percentage. Overall = all games, home = home games only, away = away games only.
seasonMatchesPlayedGoalTimingRecorded_overall / home / away	Season's matches played goal timing recorded. Overall = all games, home = home games only, away = away games only.
BTTS_and_win_overall / home / away	Season's both teams to score and win count. Overall = all games, home = home games only, away = away games only.
BTTS_and_win_percentage_overall / home / away	Season's both teams to score and win percentage. Overall = all games, home = home games only, away = away games only.
BTTS_and_draw_overall / home / away	Season's both teams to score and draw count. Overall = all games, home = home games only, away = away games only.
BTTS_and_draw_percentage_overall / home / away	Season's both teams to score and draw percentage. Overall = all games, home = home games only, away = away games only.
BTTS_and_lose_overall / home / away	Season's both teams to score and lose count. Overall = all games, home = home games only, away = away games only.
BTTS_and_lose_percentage_overall / home / away	Season's both teams to score and lose percentage. Overall = all games, home = home games only, away = away games only.
AVG_2hg_overall / home / away	Average second half total goals. Overall = all games, home = home games only, away = away games only.
scored_2hg_avg_overall / home / away	Average second half goals scored. Overall = all games, home = home games only, away = away games only.
conceded_2hg_avg_overall / home / away	Average second half goals conceded. Overall = all games, home = home games only, away = away games only.

total_2hg_overall / home / away	Total second half goals. Overall = all games, home = home games only, away = away games only.
conceded_2hg_overall / home / away	Total second half goals conceded. Overall = all games, home = home games only, away = away games only.
scored_2hg_overall / home / away	Total second half goals scored. Overall = all games, home = home games only, away = away games only.
over05_2hg_num_overall - over25_2hg_num_overall / home / away	Season's count of **Over (0,5 - 2.5) second half goals**. Overall = all games, home = home games only, away = away games only.
over05_2hg_percentage_overall - over25_2hg_percentage_overall / home / away	Season's percentage of **Over (0,5 - 2.5) second half goals**. Overall = all games, home = home games only, away = away games only.
points_2hg_overall / home / away	Season's points gained in second half. Overall = all games, home = home games only, away = away games only.
ppg_2hg_overall / home / away	Season's point per game in second half. Overall = all games, home = home games only, away = away games only.
wins_2hg_overall / home / away	Season's wins in second half. Overall = all games, home = home games only, away = away games only.
wins_2hg_percentage_overall / home / away	Season's wins percentage in second half. Overall = all games, home = home games only, away = away games only.
draws_2hg_overall / home / away	Season's draws in second half. Overall = all games, home = home games only, away = away games only.
draws_2hg_percentage_overall / home / away	Season's draws percentage in second half. Overall = all games, home = home games only, away = away games only.
losses_2hg_overall / home / away	Season's loses in second half. Overall = all games, home = home games only, away = away games only.
losses_2hg_percentage_overall / home / away	Season's losses percentage in second half. Overall = all games, home = home games only, away = away games only.
gd_2hg_overall / home / away	Season's goal difference in second half. Overall = all games, home = home games only, away = away games only.

btts_2hg_overall / home / away	Season's both teams to score in second half. Overall = all games, home = home games only, away = away games only.
btts_2hg_percentage_overall / home / away	Season's percentage of both teams to score in second half. Overall = all games, home = home games only, away = away games only.
btts_fhg_overall / home / away	Season's both teams to score in first half. Overall = all games, home = home games only, away = away games only.
btts_fhg_percentage_overall / home / away	Season's percentage of both teams to score in first half. Overall = all games, home = home games only, away = away games only.
cs_2hg_overall / home / away	Season's clean sheets in second half. Overall = all games, home = home games only, away = away games only.
cs_2hg_percentage_overall / home / away	Season's clean sheets percentage in second half. Overall = all games, home = home games only, away = away games only.
fts_2hg_overall / home / away	Season's first to score in second half. Overall = all games, home = home games only, away = away games only.
fts_2hg_percentage_overall / home / away	Season's first to score percentage in second half. Overall = all games, home = home games only, away = away games only.
BTTS_both_halves_overall / home / away	Season's both teams to score in both halves. Overall = all games, home = home games only, away = away games only.
BTTS_both_halves_percentage_overall / home / away	Season's both teams to score percentage in both halves. Overall = all games, home = home games only, away = away games only.
average_attendance_overall / home / away	Season's average attendance. Overall = all games, home = home games only, away = away games only.
cornerTimingRecorded_matches_overall / home / away	Timing of the corners recorded. Overall = all games, home = home games only, away = away games only.
corners_fh_overall / home / away	Seasons first half corners. Overall = all games, home = home games only, away = away games only.
corners_2h_overall / home / away	Seasons second half corners. Overall = all games, home = home games only, away = away games only.

corners_fh_avg_overall / home / away	Seasons first half corners. Overall = all games, home = home games only, away = away games only.
corners_fh_over4_overall - corners_fh_over6_overall / home / away	Seasons **Over (4 - 6) first half corners**. Overall = all games, home = home games only, away = away games only.
corners_2h_over4_overall - corners_2h_over6_overall / home / away	Seasons **Over (4 - 6) second half corners**. Overall = all games, home = home games only, away = away games only.
corners_fh_over4_percentage_overall - corners_fh_over6_percentage_overall / home / away	Seasons **Over (4 - 6) first half corners**. Overall = all games, home = home games only, away = away games only.
corners_2h_over4_percentage_overall - corners_2h_over6_percentage_overall / home / away	Seasons **Over (4 - 6) second half corners**. Overall = all games, home = home games only, away = away games only.
attack_num_recoded_matches_overall / home / away	Season's count of attacks recorded per match. Overall = all games, home = home games only, away = away games only.
dangerous_attacks_avg_overall / home / away	Season's count of dangerous attacks recorder per match. Overall = all games, home = home games only, away = away games only.
xg_for_overall / home / away	Season's average xg for average. Overall = all games, home = home games only, away = away games only.
xg_for_avg_overall / home / away	Season's average xg for average. Overall = all games, home = home games only, away = away games only.
xg_against_avg_overall / home / away	Season's average xg against average. Overall = all games, home = home games only, away = away games only.
attacks_num_overall / home / away	Number of attacks. Overall = all games, home = home games only, away = away games only.
seasonScoredOver05Num_overall - seasonScoredOver35Num_overall / home / away	Seasons **Over (0.5 - 3.5) scored**. Overall = all games, home = home games only, away = away games only.
seasonScoredOver05PercentageNum_overall - seasonScoredOver35PercentageNum_overall / home / away	Seasons percentage of **Over (0.5 - 3.5) scored**. Overall = all games, home = home games only, away = away games only.

seasonConcededOver05Num_overall - seasonConcededOver35Num_overall / home / away	Seasons **Over (0.5 - 3.5) Conceded**. Overall = all games, home = home games only, away = away games only.
seasonConcededOver05PercentageNum_overall - seasonConcededOver35PercentageNum_overall / home / away	Seasons percentage of **Over (0.5 - 3.5) Conceded**. Overall = all games, home = home games only, away = away games only.
cardTimingRecorded_matches_overall / home / away	Cards timing recorded in match. Overall = all games, home = home games only, away = away games only.
cardsRecorded_matches_overall / home / away	Cards recorded in match. Overall = all games, home = home games only, away = away games only.
fh_cards_total_overall / home / away	First half cards total. Overall = all games, home = home games only, away = away games only.
2h_cards_total_overall / home / away	Second half cards total. Overall = all games, home = home games only, away = away games only.
fh_cards_for_total_overall / home / away	First half cards for total. Overall = all games, home = home games only, away = away games only.
2h_cards_for_total_overall / home / away	Second half cards for total. Overall = all games, home = home games only, away = away games only.
fh_cards_against_total_overall / home / away	First half cards against total. Overall = all games, home = home games only, away = away games only.
2h_cards_against_total_overall / home / away	Second half cards against total. Overall = all games, home = home games only, away = away games only.
fh_total_cards_under2_percentage_overall / home / away	First half total cards under 2 percentage. Overall = all games, home = home games only, away = away games only.
2h_total_cards_under2_percentage_overall / home / away	Second half total cards under 2 percentage. Overall = all games, home = home games only, away = away games only.
fh_total_cards_2to3_percentage_overall / home / away	First half total cards 2 to 3 percentage. Overall = all games, home = home games only, away = away games only.
2h_total_cards_2to3_percentage_overall / home / away	Second half total cards 2 to 3 percentage. Overall = all games, home = home games only, away = away games only.

fh_total_cards_over3_percentage_overall / fhome / away	First half total cards over 3 percentage. Overall = all games, home = home games only, away = away games only.
2h_total_cards_over3_percentage_overall / home / away	Second half total cards over 3 percentage. Overall = all games, home = home games only, away = away games only.
fh_half_with_most_cards_total_percentage_overall / home / away	First half with most cards total percentage. Overall = all games, home = home games only, away = away games only.
2h_half_with_most_cards_total_percentage_overall / home / away	Second half with most cards total percentage. Overall = all games, home = home games only, away = away games only.
fh_cards_for_over05_percentage_overall / home / away	First half cards for the team, Over 0.5. Overall = all games, home = home games only, away = away games only.
2h_cards_for_over05_percentage_overall / home / away	Second half cards for the team, Over 0.5. Overall = all games, home = home games only, away = away games only.
cards_for_overall / home / away	Cards for overall. Overall = all games, home = home games only, away = away games only.
cards_against_overall / home / away	Cards against overall. Overall = all games, home = home games only, away = away games only.
cards_for_avg_overall / home / away	Average cards for overall. Overall = all games, home = home games only, away = away games only.
cards_against_avg_overall / home / away	Average cards against overall. Overall = all games, home = home games only, away = away games only.
cards_total_overall / home / away	Total cards. Overall = all games, home = home games only, away = away games only.
cards_total_avg_overall / home / away	Average total cards. Overall = all games, home = home games only, away = away games only.
penalties_won_overall / home / away	Penatlies won. Overall = all games, home = home games only, away = away games only.
penalties_scored_overall / home / away	Penatlies scored. Overall = all games, home = home games only, away = away games only.

penalties_missed_overall / home / away	Penalties missed. Overall = all games, home = home games only, away = away games only.
penalties_won_per_match_overall / home / away	Penalties won per match. Overall = all games, home = home games only, away = away games only.
penalties_recorded_matches_overall / home / away	Penalties recorded per match. Overall = all games, home = home games only, away = away games only.
exact_team_goals_0_ft_overall - exact_team_goals_3_ft_overall / home / away	Number of times the team scored exactly (0 - 3) goals at full time. Overall = all games, home = home games only, away = away games only.
match_shots_over225_num_overall - match_shots_over265_num_overall / home / away	Count of match shots **Over (22.5 - 26.5)**. Overall = all games, home = home games only, away = away games only.
match_shots_over225_percentage_overall - match_shots_over265_percentage_overall / home / away	Percentage of match shots **Over (22.5 - 26.5)**. Overall = all games, home = home games only, away = away games only.
match_shots_on_target_over75_num_overall - match_shots_on_target_over95_num_overall / home / away	Number of match shots **Over (7.5 - 9.5)**. Overall = all games, home = home games only, away = away games only.
match_shots_on_target_over75_percentage_overall - match_shots_on_target_over95_percentage_overall / home / away	Percentage of match shots **Over (7.5 - 9.5)**. Overall = all games, home = home games only, away = away games only.
team_shots_over105_num_overall - team_shots_over155_num_overall / home / away	Number of team shots **Over (10.5 - 15.5)**. Overall = all games, home = home games only, away = away games only.
team_shots_over105_percentage_overall - team_shots_over155_percentage_overall / home / away	Percentage of team shots **Over (10.5 - 15.5)**. Overall = all games, home = home games only, away = away games only.
team_shots_on_target_over35_num_overall - team_shots_on_target_over65_num_overall / home / away	Number of team shots on target **Over (3.5 - 6.5)**. Overall = all games, home = home games only, away = away games only.
team_shots_on_target_over35_percentage_overall - team_shots_on_target_over65_percentage_overall / home / away	Percentage of team shots on target **Over (3.5 - 6.5)**. Overall = all games, home = home games only, away = away games only.

win_0_10_num_overall / home / away	Win count between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
draw_0_10_num_overall / home / away	Draw count between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
loss_0_10_num_overall / home / away	Loss count between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
win_0_10_percentage_overall / home / away	Win percentage between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
draw_0_10_percentage_overall / home / away	Draw percentage between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
loss_0_10_percentage_overall / home / away	Loss percentage between minute 0 and 10, this parameter does not inherit the score of the game and focuses only on the first 0 to 10 minutes. Overall = all games, home = home games only, away = away games only.
total_goal_over05_0_10_num_overall / home / away	Count of over 0.5 goals between minute 0 and 10. Overall = all games, home = home games only, away = away games only.
total_corner_over05_0_10_num_overall / home / away	Count of over 0.5 corners between minute 0 and 10. Overall = all games, home = home games only, away = away games only.
total_goal_over05_0_10_percentage_overall / home / away	Percentage of over 0.5 goals between minute 0 and 10. Overall = all games, home = home games only, away = away games only.
total_corner_over05_0_10_percentage_overall / home / away	Percentage of over 0.5 corners between minute 0 and 10. Overall = all games, home = home games only, away = away games only.
fouls_recorded_overall / home / away	Fouls recorded. Overall = all games, home = home games only, away = away games only.
fouls_against_num_overall / home / away	Fouls against recorded. Overall = all games, home = home games only, away = away games only.

fouls_against_avg_overall / home / away	Average fouls against recorded. Overall = all games, home = home games only, away = away games only.
exact_team_goals_0_ft_percentage_overall - exact_team_goals_3_ft_percentage_overall / home / away	Percentage of (0 - 3) exact team goals. Overall = all games, home = home games only, away = away games only.
exact_total_goals_0_ft_overall - exact_total_goals_7_ft_overall / home / away	Percentage of (0 - 7) exact team goals. Overall = all games, home = home games only, away = away games only.
shots_recorded_matches_num_overall / home / away	Number of shots recorded per matches. Overall = all games, home = home games only, away = away games only.
over25_and_btts_num_overall / home / away	Count of over 2.5 and BTTS. Overall = all games, home = home games only, away = away games only.
over25_and_no_btts_num_overall / home / away	Count of over 2.5 and NO BTTS. Overall = all games, home = home games only, away = away games only.
over25_and_btts_percentage_overall / home / away	Percentage of over 2.5 and BTTS. Overall = all games, home = home games only, away = away games only.
over25_and_no_btts_percentage_overall / home / away	Percentage of over 2.5 and NO BTTS. Overall = all games, home = home games only, away = away games only.
btts_1h2h_yes_yes_num_overall / home / away	Count of BTTS first half yes & BTTS second half yes. Overall = all games, home = home games only, away = away games only.
btts_1h2h_yes_no_num_overall / home / away	Count of BTTS first half yes & BTTS second half no. Overall = all games, home = home games only, away = away games only.
btts_1h2h_no_no_num_overall / home / away	Count of BTTS first half no & BTTS second half no. Overall = all games, home = home games only, away = away games only.
btts_1h2h_no_yes_num_overall / home / away	Count of BTTS first half no & BTTS second half yes. Overall = all games, home = home games only, away = away games only.
btts_1h2h_yes_yes_percentage_overall / home / away	Percentage of BTTS first half yes & BTTS second half yes. Overall = all games, home = home games only, away = away games only.
btts_1h2h_yes_no_percentage_overall / home / away	Percentage of BTTS first half yes & BTTS second half no. Overall = all games, home = home games only, away = away games only.

btts_1h2h_no_no_percentage_overall / home / away	Percentage of BTTS first half no & BTTS second half no. Overall = all games, home = home games only, away = away games only.
btts_1h2h_no_yes_percentage_overall / home / away	Percentage of BTTS first half no & BTTS second half yes. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_1h_num_overall / home / away	Number of times the half with most goals was the 1st half. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_tie_num_overall / home / away	Number of times the half with most goals was a tie between 1st and 2nd half. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_2h_num_overall / home / away	Number of times the half with most goals was the 2nd half. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_1h_percentage_overall / home / away	Percentage of times the half with most goals was the 1st half. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_tie_percentage_overall / home / away	Percentage of times the half with most goals was a tie between 1st and 2nd half. Overall = all games, home = home games only, away = away games only.
half_with_most_goals_is_2h_percentage_overall / home / away	Percentage of times the half with most goals was the 2nd half. Overall = all games, home = home games only, away = away games only.
shot_conversion_rate_overall / home / away	Shot conversion rate. Overall = all games, home = home games only, away = away games only.
team_with_most_corners_win_num_overall / home / away	Number of times the team had the most corners. Overall = all games, home = home games only, away = away games only.
team_with_most_corners_win_1h_num_overall / home / away	Number of times the team had the most corners in 1st half. Overall = all games, home = home games only, away = away games only.
team_with_most_corners_win_2h_num_overall / home / away	Number of times the team had the most corners in 2nd half. Overall = all games, home = home games only, away = away games only.
team_with_most_corners_win_percentage_overall / home / away	Percentage of times the team had the most corners in the match. Overall = all games, home = home games only, away = away games only.
team_with_most_corners_win_1h_percentage_overall / home / away	Percentage of times the team had the most corners in 1st half. Overall = all games, home = home games only, away = away games only.

team_with_most_corners_win_2h_percentage_overall / home / away	Percentage of times the team had the most corners in 2nd half. Overall = all games, home = home games only, away = away games only.
corners_earned_1h_num_overall / home / away	Total number of 1st half corner kicks that this team earned this season in this competition. Overall = all games, home = home games only, away = away games only.
corners_earned_2h_num_overall / home / away	Total number of 2nd half corner kicks that this team earned this season in this competition. Overall = all games, home = home games only, away = away games only.
corners_earned_1h_avg_overall / home / away	Average number of 1st half corner kicks per match that this team earned this season in this competition. Average = total number divided number of matches. Overall = all games, home = home games only, away = away games only.
corners_earned_2h_avg_overall / home / away	Average number of 2nd half corner kicks per match that this team earned this season in this competition. Average = total number divided number of matches. Overall = all games, home = home games only, away = away games only.
corners_earned_1h_over2_num_overall / home / away	Number of times this team has earned more than 2 corner kicks in the 1st half this season. Overall = all games, home = home games only, away = away games only.
corners_earned_2h_over2_num_overall / home / away	Number of times this team has earned more than 2 corner kicks in the 2nd half this season. Overall = all games, home = home games only, away = away games only.
corners_earned_1h_over3_num_overall / home / away	Number of times this team has earned more than 3 corner kicks in the 1st half this season. Overall = all games, home = home games only, away = away games only.
corners_earned_2h_over3_num_overall / home / away	Number of times this team has earned more than 3 corner kicks in the 2nd half this season. Overall = all games, home = home games only, away = away games only.
corners_earned_1h_2_to_3_num_overall / home / away	Number of times this team has earned 2 or 3 corner kicks in the 1st half this season. Overall = all games, home = home games only, away = away games only.
corners_earned_2h_2_to_3_num_overall / home / away	Number of times this team has earned 2 or 3 corner kicks in the 2nd half this season. Overall = all games, home = home games only, away = away games only.

corners_earned_1h_over2_percentage_overall / home / away	Percentage of matches this team has earned more than 2 corner kicks in the 1st half this season. Overall = all games, home = home games only, away = away games only. Percentage calculation = number of matches of Over 2 corners in 1st half divided by number of matches this team played where corner timings were recorded.
corners_earned_2h_over2_percentage_overall / home / away	Percentage of matches this team has earned more than 2 corner kicks in the 2nd half this season. Overall = all games, home = home games only, away = away games only. Percentage calculation = number of matches of Over 2 corners in 2nd half divided by number of matches this team played where corner timings were recorded.
corners_earned_1h_over3_percentage_overall / home / away	Percentage of matches this team has earned more than 3 corner kicks in the 1st half this season. Overall = all games, home = home games only, away = away games only. Percentage calculation = number of matches of Over 3 corners in 1st half divided by number of matches this team played where corner timings were recorded.
corners_earned_2h_over3_percentage_overall / home / away	Percentage of matches this team has earned more than 3 corner kicks in the 2nd half this season. Overall = all games, home = home games only, away = away games only. Percentage calculation = number of matches of Over 3 corners in 2nd half divided by number of matches this team played where corner timings were recorded.
corners_earned_1h_2_to_3_percentage_overall / home / away	Percentage of matches this team has earned 2 or 3 corner kicks in the 1st half this season. Overall/= all games, home = home games only, away = away games only. Percentage calculation = number of matches of 2 to 3 corners in 1st half divided by number of matches this team played where corner timings were recorded.
corners_earned_2h_2_to_3_percentage_overall / home / away	Percentage of matches this team has earned 2 or 3 corner kicks in the 2nd half this season. Overall/= all games, home = home games only, away = away games only. Percentage calculation = number of matches of 2 to 3 corners in 2nd half divided by number of matches this team played where corner timings were recorded.
penalties_conceded_overall / home / away	Penalty kicks conceded by this team this season.
penalty_in_a_match_overall / home / away	Number of matches where there was at least 1 penalty kick by either team this season.
penalty_in_a_match_percentage_overall / home / away	Percentage of matches where there was at least 1 penalty kick by either team this season.
goal_kicks_recorded_matches_overall / home / away	Number of matches where goal kicks were recorded this season.
goal_kicks_team_num_overall / home / away	Number of goal kicks by this team this season.

goal_kicks_total_num_overall / home / away	Number of total goal kicks by both teams this season.
goal_kicks_team_avg_overall / home / away	Average number of goal kicks per match by this teams this season.
goal_kicks_total_avg_overall / home / away	Average number of total goal kicks per match by both teams this season.
goal_kicks_team_over35_overall ~ goal_kicks_team_over115_overall / home / away	Number of matches where this team performed Over 3.5 ~ Over 11.5 goal kicks this season.
goal_kicks_total_over85_overall ~ goal_kicks_total_over185_overall / home / away	Number of matches where both teams in total performed Over 8.5 ~ Over 18.5 goal kicks this season.
throwins_recorded_matches_overall / home / away	Number of matches where throw-ins were recorded this season.
throwins_team_num_overall / home / away	Number of throw-ins by this team this season.
throwins_total_num_overall / home / away	Number of total throw-ins by both teams this season.
throwins_team_avg_overall / home / away	Average number of throw-ins per match by this teams this season.
throwins_total_avg_overall / home / away	Average number of total throw-ins per match by both teams this season.
throwins_team_over155_overall ~ throwins_team_over245_overall / home / away	Number of matches where this team performed Over 15.5 ~ Over 24.5 goal throw-ins this season.
goals_scored_min_0_to_10 - goals_scored_min_81_to_90	Number of goals scored during this time period. This season
goals_conceded_min_0_to_10 - goals_conceded_min_81_to_90	Number of goals conceded during this time period. This season
goals_all_min_0_to_10 - goals_all_min_81_to_90	Number of goals scored and conceded during this time period. This season. This is in 10 minute increments.
goals_all_min_0_to_15 - goals_all_min_76_to_90	Number of goals scored and conceded during this time period. This season. This is in 15 minute increments.
goals_scored_min_0_to_15 - goals_scored_min_76_to_90	Number of goals scored during this time period. This season. This is in 15 minute increments.
goals_conceded_min_0_to_15 - goals_conceded_min_76_to_90	Number of goals conceded during this time period. This season. This is in 15 minute increments.
goals_scored_min_0_to_10_home - goals_scored_min_81_to_90_home / goals_scored_min_0_to_10_away - goals_scored_min_81_to_90_away	Number of goals scored during this time period. This season at home games only or away games only.

goals_scored_min_0_to_15_home - goals_scored_min_76_to_90_home / goals_scored_min_0_to_15_away - goals_scored_min_76_to_90_away	Number of goals scored during this time period. This season at home games only or away games only. This is in 15 minute increments.
goals_conceded_min_0_to_10_home - goals_conceded_min_81_to_90_home / goals_conceded_min_0_to_10_away - goals_conceded_min_81_to_90_away	Number of goals conceded during this time period. This season at home games only or at away games only.
goals_conceded_min_0_to_15_home - goals_conceded_min_76_to_90_home / goals_conceded_min_0_to_15_away - goals_conceded_min_76_to_90_away	Number of goals scored during this time period. This season at home games only or away games only. This is in 15 minute increments.
goals_all_min_0_to_10_home - goals_all_min_81_to_90_home / goals_all_min_0_to_10_away - goals_all_min_81_to_90_away	Number of goals scored and conceded during this time period. This season at home games only or away games only.
goals_all_min_0_to_15_home - goals_all_min_76_to_90_home / goals_all_min_0_to_15_away - goals_all_min_76_to_90_away	Number of goals scored and conceded during this time period. This season at home games only or at away games only. This is in 15 minute increments.
name_pt - name_fi	Name of the team in the following languages : Spanish, Portuguese, Korean, Turkish, Arabic, Japanese, Russian, German, Swedish, Chinese Traditional, Chinese Simplified, Greek, Polish, Thai, French, Croatian, Czech, Hungarian, Danish, Vietnamese, Slovakian, Bulgarian, Finnish. Not all languages are always available and may default to English depending on availability.
women	1 = Women's team. Null = Men's team
prediction_risk	Prediction Risk represents how often a team scores or concedes goals within close proximity of each other. For example - if Manchester United Scores a goal at min 55', and then concedes immediately at min 58', it will increase their Risk rating. The more times this happens across a single season, the more risk there is of unexpected goals occurring.
